## Clyde River health centre temporary closed

September 12, 2022  
Clyde River, Nunavut

30 sec

The Department of Health is advising residents of Clyde River of a temporary closure of the health centre for maintenance.

During the temporary closure, health centre staff are on site to provide emergent, or life-threatening care. Residents of Clyde River are asked to call the health centre before attending.

Updates will be provided to the community when available.
