## **Access to Documents**

You have the right, upon request, to obtain a copy of the policy, your application and any written statements or other records you have provided to Canada Life as evidence of insurability, subject to certain limitations.

## **Legal Actions**

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Insurance Act* (for actions or proceedings governed by the laws of Alberta and British Columbia), *The Insurance Act* (for actions or proceedings governed by the laws of Manitoba), the *Limitations Act, 2002* (for actions or proceedings governed by the laws of Ontario), or other applicable legislation. For those actions or proceedings governed by the laws of Quebec, the prescriptive period is set out in the Quebec Civil Code.

## **Appeals**

You have the right to appeal a denial of all or part of the insurance or benefits described in the contract as long as you do so within one year of the initial denial of the insurance or a benefit. An appeal must be in writing and must include your reasons for believing the denial to be incorrect.

## **Benefit Limitation for Overpayment**

If benefits are paid that were not payable under the policy, you are responsible for repayment within 30 days after Canada Life sends you a notice of the overpayment, or within a longer period if agreed to in writing by Canada Life. If you fail to fulfil this responsibility, no further benefits are payable under the policy until the overpayment is recovered. This does not limit Canada Life's right to use other legal means to recover the overpayment.

## **Quebec Time Limit for the Payment of Benefits**

Where Quebec law applies, benefits will be paid in accordance with the terms of the plan within the following time period:

- for death benefits, 30 days following receipt of the required proof of claim.
- for disability income benefits for which there is no waiting period, 30 days following receipt of the required proof of claim.

## COMMENCEMENT AND TERMINATION OF COVERAGE

- You are eligible to participate in the plan as follows:
  - for Healthcare, on the first day of the month coinciding with or next following the date your employment begins
  - for Dentalcare, after 6 months of continuous employment. You are considered continuously employed only if you satisfy the actively at work requirement throughout the eligibility waiting period
  - for all other coverage, on the date your employment begins
- You may choose to apply for any combination of Life and AD&D coverage providing you have elected Employee Basic Life coverage.

You must apply for coverage no later than 60 days after you become eligible. After 60 days, you must provide evidence of insurability for you and your dependents before you can participate.

You may waive health and/or dental coverage if you are already covered for these benefits under your spouse's plan. If you lose spousal coverage you must apply for coverage under this plan. If you do not apply within 60 days of loss of such coverage, or you were previously declined for coverage by Canada Life, you and your dependents may be required to provide evidence of insurability acceptable to Canada Life to be covered for health benefits, and may be declined for or offered limited dental benefits.

- You must be actively at work when coverage takes effect, otherwise the coverage will not be effective until you return to work.

Increases in your benefits while you are covered by this plan will not become effective unless you are actively at work.

- Temporary and seasonal employees, and part-time employees who work less than 20 hours per week may not join the plan.

Your coverage terminates when your employment ends, you are no longer eligible, or the policy terminates, whichever is earliest.

- Your dependents' coverage terminates when your insurance terminates or your dependent no longer qualifies, whichever is earlier.
- Your coverage may be extended if it would have terminated because you are not actively at work due to disease or injury or temporary lay-off. See your employer for details.

For an approved leave of absence, your coverage (including long term disability) may be extended for one year.

- When your coverage terminates, you may be entitled to an extension of benefits under the plan. See your employer for details.

### **Survivor Benefits**

If you die while your coverage is still in force, the health and dental benefits for your dependents will continue until they no longer qualify. Coverage is provided as long as the request is received within 60 days of the member's death.

## DEPENDENT COVERAGE

Dependent means:

- Your spouse, legal or common-law.

A common-law spouse is a person who has been living with you in a conjugal relationship for at least 12 months or, if you are a Quebec resident, until the earlier birth or adoption of a child of the relationship.

- Your unmarried children under age 21, or under age 25 if they are full-time students.

**Note:** If you are a Quebec resident, full-time students are covered for prescription drug benefits until age 26.

Children under 15 days are not covered for dependent life insurance.

Children under age 21 are not covered if they are working more than 30 hours a week, unless they are full-time students.

Children who are incapable of supporting themselves because of physical or mental disorder are covered without age limit if the disorder begins before they turn 21, or while they are students under 25, and the disorder has been continuous since that time.

## BENEFICIARY DESIGNATION

You may make, alter, or revoke a designation of beneficiary as permitted by law. Any designation of beneficiary you made under your employer's previous policy prior to the effective date of this policy applies to this policy until you make a change to that designation. You should review your beneficiary designation from time to time to ensure that it reflects your current intentions. You may change the designation by completing a form available from your employer.

## EMPLOYEE BASIC LIFE INSURANCE

On your death, Canada Life will pay your life insurance benefits to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements to your beneficiary.

- If you become disabled while insured, Canada Life may waive the premiums on your life insurance after the waiting period, throughout the benefit period.

The waiting period is the same as the waiting period under the long term disability income benefit.

A benefit period is the period of time after the waiting period during which you satisfy the disability definition under the long term disability income benefit. A benefit period will not continue past your 65<sup>th</sup> birthday.

- Your life insurance terminates when your employment with the Government of Nunavut terminates.
- Your life insurance will terminate if you are age 65 or over and you are not actively at work. However, if you are not actively at work because of disease or injury, your life insurance may be continued on a premium paying basis for up to 6 months following the date you ceased to be actively at work.
- If any or all of your insurance terminates on or before your 65<sup>th</sup> birthday, you may be eligible to apply for an individual conversion policy without providing proof of your insurability. You must apply and pay the first premium no later than 31 days after your group insurance terminates. See your employer for details.

## **Advance Death Benefit**

Canada Life may, at its discretion, pay a portion of your amount of insurance prior to your death. You may be eligible for an Advance Death Benefit if:

- the prognosis of your illness is terminal and you are not expected to live longer than 24 months,
- your attending physician provides sufficient medical evidence, including the diagnosis and prognosis, to allow a thorough assessment of your life expectancy,
- your Employer authorizes the request for the payment of this benefit, and

The amount payable is equal to 50% of your amount of insurance or \$50,000, whichever is less. You will be required to sign a valid release form for the amount paid in advance of your death. If the beneficiary designation is irrevocable, the beneficiary must also consent to the advance payment by signing the release. At the time of your death, the amount of the benefits payable will be reduced by the amount of the Advance Death Benefit plus accumulated interest to the date of your death. Interest will be calculated at Canada Life's current one-year rate.

## DEPENDENT LIFE INSURANCE

If one of your dependents dies, Canada Life will pay you the dependent life insurance benefit. Your employer will explain the claim requirements.

- Your dependent life insurance terminates when your employment ends or when you no longer have eligible dependents, whichever is earliest.
- If you are disabled and the premiums for your employee life insurance are waived, your dependent life insurance will also continue without premium payment until your own coverage terminates or your dependents no longer qualify.
- Your dependent life insurance will terminate if you are age 65 or over and you are not actively at work. However, if you are not actively at work because of disease or injury and your employee life insurance is continued, your dependent life insurance will be continued on the same basis.
- If you live in Quebec and your spouse's or child's insurance terminates on or before your 65<sup>th</sup> birthday, your spouse or child may be eligible for an individual conversion policy without providing proof of insurability.

If you live elsewhere in Canada and your spouse's insurance terminates on or before their 65<sup>th</sup> birthday, your spouse may be eligible for an individual conversion policy without providing proof of insurability.

You or your spouse must apply for spouse or child insurance and pay the first premium no later than 31 days after the group insurance terminates. See your employer for details.

## EMPLOYEE SUPPLEMENTARY LIFE INSURANCE

Supplementary life insurance allows you to choose additional coverage. Check the **Benefit Summary** for the amount of supplementary life insurance available.

When you apply for supplementary life insurance, you must provide proof of insurability, and your application must be approved by Canada Life. Canada Life may void the supplementary insurance if any statement or answer in your application misrepresents or fails to disclose any fact material to the insurance.

On your death, Canada Life will pay your life insurance to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements.

- If you are approved for waiver of premium on your basic life insurance, your supplementary life insurance will also continue without premium payment as long as your basic life insurance continues but not beyond the date your supplementary insurance would otherwise terminate.
- If your supplementary life insurance terminates, you may be eligible for an individual conversion policy without providing proof of your insurability. You must apply and pay the first premium no later than 31 days after your group insurance terminates. See your employer for details.
- Your supplementary life insurance terminates when your employment ends

### Limitation

No benefit is paid for a suicide within the first two years of initial or increased supplementary life coverage. In such a situation, Canada Life refunds the premiums that have been received.

**OPTIONAL ACCIDENTAL DEATH, DISMEMBERMENT  
AND SPECIFIC LOSS (AD&D) INSURANCE**

If you or one of your dependents suffer one of the losses listed below as the result of an accident which occurs while insured, Canada Life will pay up to the Principal Sum. Check the **Benefit Summary** for the amount of Optional AD&D available. The loss must occur no later than 365 days after the accident. For loss of use, the loss must be continuous for 365 days. If you suffer multiple losses to the same limb as the result of the same accident, only the loss providing the highest amount payable will be paid.

If you die as a result of an accident, Canada Life will pay the Principal Sum to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements to your beneficiary.

**Repatriation**

If you die as the result of an accident that is at least 150 kilometres away from your home, Canada Life will pay up to \$2,500 for the preparation and transportation of your body to the place of burial or cremation less any amounts paid under this plan's global medical assistance benefit.

## **Educational Benefit for Dependent Children**

## **Family Transportation Benefit**

If you are hospitalized more than 150 kilometres from your home as a result of an injury for which benefits are payable under this benefit provision, Canada Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's global medical assistance benefit, up to \$2,000, for transportation and lodging expenses for one family member to join you.

Canada Life will pay up to 10% of the Principal Sum, or \$10,000, whichever is less.

#### **Limitations**

No benefits will be paid for expenses incurred more than 3 years after the accident causing your death, or room or board or other ordinary living, travelling, or clothing expenses.

Benefits for home alterations are payable only if the person or persons making the changes are experienced in home alterations for wheelchairs, and recommended by an organization recognized for providing support and assistance to wheelchair users.

Benefits for vehicle modifications are payable only if the person or persons making the changes are experienced in vehicle modification for wheelchairs, and the modifications are approved by the provincial vehicle licensing authority.

## **How to Make a Claim**

- To claim benefits, ask your employer for a claim form. Complete it and return it to your employer.
- If you die accidentally, your employer will explain the claim requirements to your beneficiary.
- Claims should be submitted as soon as possible, but no later than 15 months after the loss.

## LONG TERM DISABILITY (LTD) INCOME BENEFITS

The plan provides you with regular income to replace income lost because of a lengthy disability due to disease or injury. Benefits begin the later of the date the waiting period is over or, the scheduled return to work date in case of a special leave of absence, and continue until you are no longer disabled **as defined by the policy** or you reach age 65, whichever comes first. Check the **Benefit Summary** for the benefit amount and waiting period.

- If disability is not continuous, the days you are disabled can be accumulated to satisfy the waiting period as long as no interruption is longer than 2 weeks and the disabilities arise from the same disease or injury.
- LTD benefits are payable for the first 24 months following the waiting period if disease or injury prevents you from doing your own job. You are **not** considered disabled if you can perform a combination of duties that regularly took at least 80% of your time to complete.
- After 24 months, LTD benefits will continue only if your disability prevents you from being gainfully employed in any job. Gainful employment is work you are medically able to perform, for which you have at least the minimum qualifications, and which provides you with an income of at least 66 2/3% of your indexed monthly earnings before you became disabled.
- Loss of any license required for work will not be considered in assessing disability.
- After the waiting period, separate periods of disability arising from the same disease or injury are considered to be one period of disability unless they are separated by at least 6 months.

- Because your employer contributes to the cost of LTD coverage, benefits are taxable.
- Your LTD insurance will not continue past the end of the day before the date you reach age 65, when your employment terminates, when you retire or when you are no longer disabled as defined by the policy, whichever is earlier.

### **Other Income**

Your LTD benefit is reduced by other income you are entitled to receive while you are disabled. Other income includes:

- disability or retirement benefits you are entitled to on your own behalf under the Canada Pension Plan or Quebec Pension Plan
- benefits under any Workers' Compensation Act or similar law
- loss of income benefits under an automobile insurance plan, to the extent permitted by law
- loss of income benefits available through legislation, except for Employment Insurance benefits and automobile insurance benefits, which you or another member of your family is entitled to on the basis of your disability
- the wage loss portion of any criminal injury award
- disability benefits under a plan of insurance available through an association
- payments received from the Public Service Superannuation Act
- employment income, disability benefits, or retirement benefits related to any employment except for 50% of earnings received from an approved rehabilitation plan (termination pay, severance benefits, and any similar termination of employment benefits, including any salary paid in lieu of notice, are included as employment income under this provision)

The balance of any earnings received from an approved rehabilitation plan is not used to further reduce your LTD benefit unless that balance, together with your income from this plan and the other income listed above, would exceed your indexed monthly earnings before you became disabled. If it does, your benefit is reduced by the excess amount.

Cost-of-living increases in the other income listed above, that take effect after the benefit period starts, except for income from an approved rehabilitation plan, are not included.

### **Vocational Rehabilitation**

Vocational rehabilitation involves a work-related activity or training strategy that is designed to help you return to your own job or other gainful employment, and is recommended or approved by Canada Life. In considering whether to recommend or approve a rehabilitation plan, Canada Life will assess such factors as the expected duration of disability, and the level of activity required to facilitate the earliest possible return to work.

### **Medical Coordination**

Medical coordination is a program, recommended or approved by Canada Life, that is designed to facilitate medical stability and provide you with cost effective, quality care. In considering whether to recommend or approve a medical coordination program, Canada Life will assess such factors as the expected duration of disability, and the level of activity required to facilitate medical stability.

### **Inflation Protection**

One year after the start of your benefit period and annually after that, the then current amount payable will be adjusted to reflect increases in the Consumer Price Index, to a maximum increase of 3% in any year.

## Limitations

No benefits are paid for:

- Disability arising from a disease or injury for which you received medical care before your insurance started. This limitation does not apply if your disability starts after you have been continuously insured for 1 year, or you have not had medical care for the disease or injury for a continuous period of 90 days ending on or after the date your insurance took effect.
- Any period after you fail to participate or cooperate in a prescribed plan of medical treatment appropriate for your condition.

Depending on the severity of the condition, you may be required to be under the care of a specialist.

If substance abuse contributes to your disability, the treatment program must include participation in a recognized substance withdrawal program.

- Any period after you fail to cooperate in applying for other disability benefits, reapplying for such benefits, or appealing decisions regarding such benefits, where considered appropriate by Canada Life.
- Any period after you fail to participate or cooperate in an approved rehabilitation plan.
- Any period after you fail to participate or cooperate in a recommended medical coordination program.
- Any period after you fail to participate or cooperate in a required medical or vocational assessment.
- The scheduled duration of a leave of absence.

This does not apply to any portion of a period of maternity leave during which you are disabled due to pregnancy.

- Any period in which you are outside Canada. This exclusion does not apply during the first 30 days of an absence, or if Canada Life pre-authorized the absence prior to your departure.
- Any period of incarceration, confinement, or imprisonment by authority of law.
- Disability arising from war, insurrection, or voluntary participation in a riot.

**Note:** If you are age 65 or older and reside in Quebec, you cease to be covered under this plan for basic prescription drug coverage and are covered under the basic plan provided by the *Régie de l'assurance-maladie du Québec*, unless you elect to be covered under this plan as set out below.

A one-time election may be made to be covered under this plan. You must make this election and communicate it to your employer by the end of the 60-day period immediately following:

- the date you reach age 65; or

## How to Make a Claim

- **Out-of-country claims (including those for Global Medical Assistance expenses)** should be submitted to Canada Life as soon as possible after the expense is incurred. It is very important that you send your claims to the Canada Life Out-of-Country Claims Department immediately as your Provincial or Territorial Medical Plan has very strict time limitations.

Access My Canada Life at Work to obtain a personalized claim form or obtain form M5432 (Statement of Claim Out-of-Country Expenses form) from your employer. You must also obtain the Government Assignment form, and residents of British Columbia, Quebec and Newfoundland & Labrador must also obtain the Special Government Claim form. The Canada Life Out-of-Country Claims Department will forward the appropriate government forms to your attention when required.

You should complete all applicable forms, making sure all required information is included. Attach all original receipts and forward the claim to the Canada Life Out-of-Country Claims Department. Be sure to keep a copy for your own records. The plan will pay all eligible claims including your Provincial or Territorial Medical Plan portion. Your Provincial or Territorial Medical Plan will then reimburse the plan for the government's share of the expenses.

Out-of-country claims must be submitted within a certain time period that varies by province or territory. For the claims submission period applicable in your province or territory or for any other questions or for assistance in completing any of the forms, please contact Canada Life's Out-of-Country Claims Department at 1-800-957-9777.

- **You may submit all Healthcare claims online.** To use this online service you will need to be registered for My Canada Life at Work and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online.

Online claims must be submitted to Canada Life as soon as possible, but no later than 12 months after you incur the expense.

You must retain your receipt for 12 months from the date you submit your claim to Canada Life as a record of the transaction, and you must submit it to Canada Life on request.

- **We also accept paper claims for all Healthcare expenses.** Access My Canada Life at Work to obtain a personalized claim form or obtain form M635D from your employer. Complete this form making sure it shows all required information.

Attach your receipts to the claim form and return it to the Canada Life Benefit Payment Office as soon as possible, but no later than 12 months after you incur the expense.

- **For drug claims,** your employer will provide you with a prescription drug identification card. Present your card to the pharmacist with your prescription.

Before your prescription is filled, an Assure Claims check will be done. Assure Claims is a series of seven checks that are electronically done on your drug claim history for increased safety and compliance monitoring. This has been designed to improve the health and quality of life for you and your dependents. Checks done include drug interaction, therapeutic duplication and duration of therapy, allowing the pharmacist to react prior to the drug being dispensed. Depending on the outcome of the checks, the pharmacist may refuse to dispense the prescribed drug.

## DENTALCARE

Your dentalcare coverage terminates when you terminate employment with the Government of Nunavut.

### Treatment Plan

## COORDINATION OF BENEFITS

- Benefits for you or a dependent will be directly reduced by any amount payable under a government plan. If you or a dependent are entitled to benefits for the same expenses under another group plan or as both an employee and dependent under this plan or as a dependent of both parents under this plan, benefits will be co-ordinated so that the total benefits from all plans will not exceed expenses.
- You and your spouse should first submit your own claims through your own group plan. Claims for dependent children should be submitted to the plan of the parent who has the earlier birth date in the calendar year (the year of birth is not considered). If you are separated or divorced, the plan which will pay benefits for your children will be determined in the following order:
  1. the plan of the parent with custody of the child;
  2. the plan of the spouse of the parent with custody of the child;
  3. the plan of the parent without custody of the child;
  4. the plan of the spouse of the parent without custody of the child

You may submit a claim to the plan of the other spouse for any amount which is not paid by the first plan.
