Nunavut Inuit and Nunavummiut students, the Government of Nunavut invites you to apply for exciting summer job opportunities. Although Nunavut continues to be affected by COVID-19, the Summer Student Employment Equity Program (SSEEP) will continue to be offered to secondary and post-secondary students to provide continuous learning and encourage career and skill development.

In communities with active cases of COVID-19, the hiring of students will be on a case-by-case basis. Summer students may work from home or in government offices depending on the nature of the position and the public health measures in place.

This year, applications will be accepted until **July 16**. Employment through the SSEEP runs until **September 30**. We encourage interested students to apply promptly, as those who apply sooner will have a better chance to secure summer employment.

For eligibility requirements, application assistance, or to apply, visit <https://www.gov.nu.ca/information/summer-student-jobs>, or contact the appropriate regional office:
