INTRODUCTION: THE 2013 - 2014 CAPITAL ESTIMATES

The Capital Estimates presented to the Legislative Assembly represent the Government of Nunavut's proposed appropriations for the 2013-2014 fiscal year for planned capital. The amounts represent all capital expenditures to be incurred during the twelve-month period beginning April 1, 2013 and ending March 31, 2014.

The Capital Estimates indicate the total requirement for individual departments, the Nunavut Housing Corporation and Nunavut Arctic College. The expenditures related to each department are further described by branch and project.

The Legislative Assembly of Nunavut is requested to appropriate funds at the departmental level for capital expenditures for the fiscal year ending March 31, 2014. Further details of expenditures at the branch level and by type of expenditure are provided for information but do not require specific Legislative Assembly approval.

Departmental Mission Statements and Branch descriptions are provided to clarify the purpose of capital expenditures and the roles and responsibilities of departments and branches.

The Detail of Capital sections of this document provide the 2013-2014 budget for proposed Vote 2 capital projects in the 2013-2014 fiscal year. Data for prior years' budgets and the 2014-2018 Capital Plan are shown for multiple year projects for which an amount is included in the 2013-2014 budget.

Detailed information relevant to the Capital Estimates is provided in the following areas for each department, as applicable:

- Accounting Structure Chart (how the department's financial accounts are organized)
- Department Summary (including mission)
- Branch Summary (appropriation requirements by control object)
- Detail of Capital (by community)
- Information Items
- Regional Distribution of Budget

The financial information in the Capital Estimates is presented on a comparative basis at the government, department and branch level for 2012-2013 Capital Estimates and 2012-2013 Revised Estimates. The 2012-2013 Revised Estimates include the 2012-2013 Capital Estimates and appropriations approved through the 2012-2013 Supplementary Appropriation (Capital) Acts No. 2 and Special Warrants. In addition, information on the 2011-2012 actual expenditures is provided.

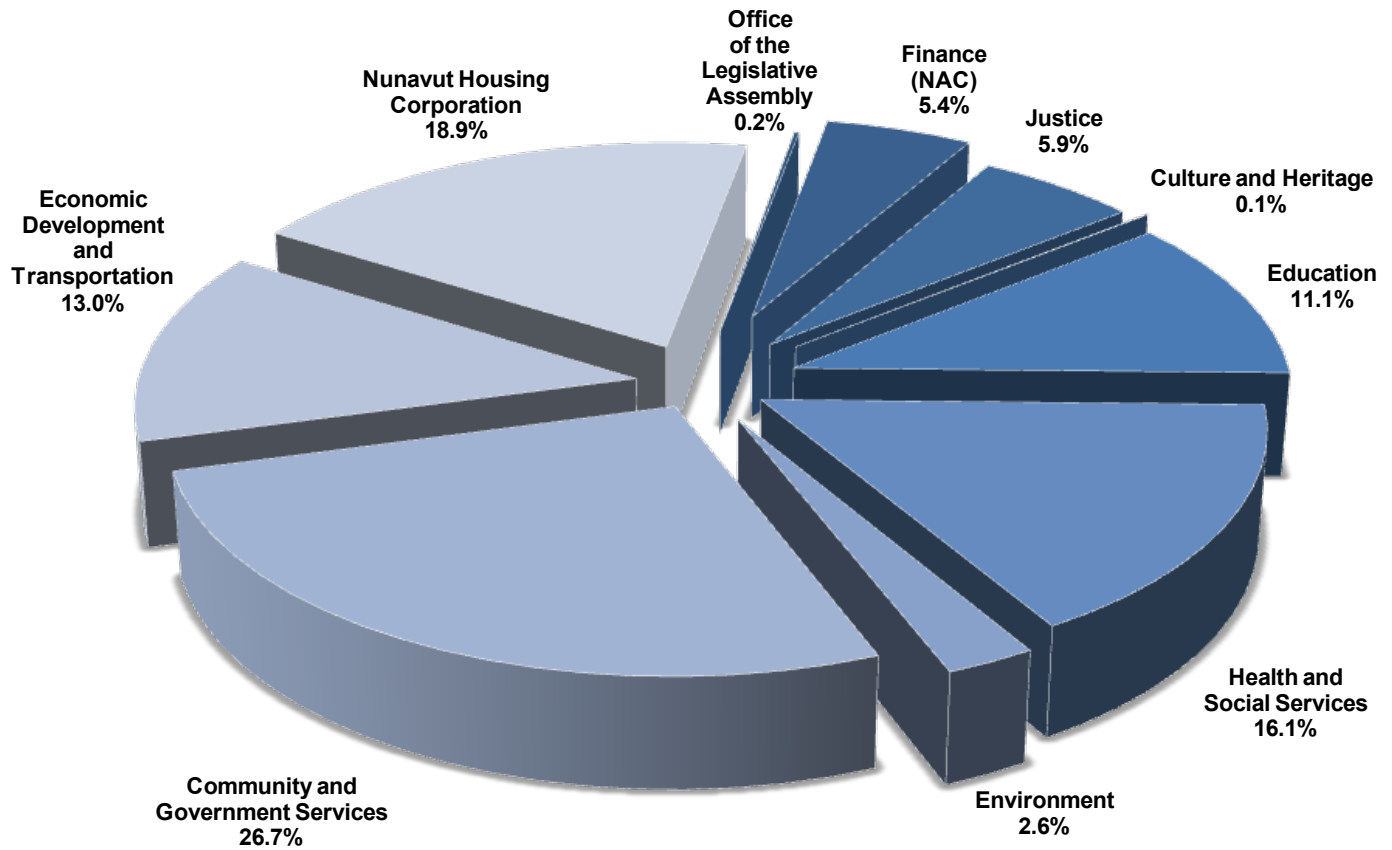

Appendices II and III provide details of the Five Year Capital Plan for the Government of Nunavut by department and community, respectively.

Appendix IV provides a detailed listing of the third party funding of capital projects to be completed by departments for the Gas Tax Fund, Building Canada Fund, Canada Mortgage and Housing Corporation, and Airports Capital Assistance Program. It details the funding provided by the third party over the Five Year Capital Plan. In addition, it sets out the Vote 2 contribution of the Government of Nunavut to the total cost of the project.

Appendix V provides a comparison of multi-year capital projects to original budget, revised budget and actual cost for all projects completed in 2011-2012.

For further clarification of terms used in the Capital Estimates, please consult the Glossary in Appendix I.

DIRECTORATE

The Directorate is comprised of three divisions: Directorate, Corporate Services and Policy and Planning. The Directorate division provides the senior management capacity for the department and ensures that Justice fulfills its mandate according to specific goals, objectives and priorities. Also, the Directorate liaises between the Government of Nunavut and the Royal Canadian Mounted Police (RCMP) and other Justice appointed committees and agencies. It also oversees the Office of the Public Trustee which provides for the administration of trusts on behalf of minors, and the administration of estates and trusts of Nunavut residents who die without a will or who are in need of protection because of disability. The Policy and Planning division is responsible for analyzing all departmental policies, justice consultations, access to information/protection and privacy, and responses to justice issues. In addition, the division is responsible for coordinating the department's Inuit societal values. The Corporate Services division provides a full range of financial and administrative support services to the department, including negotiating for funding with third parties and participating in negotiations relating to federal/territorial agreements. The division also oversees the financial aspects of the Territorial Policing Agreement, as well as providing contributions to the Legal Services Board and the Human Rights Tribunal for their operations in Nunavut.

CORRECTIONS

The primary purpose of Corrections is the protection of members of society by ensuring appropriate measures of offender control while at the same time providing offenders with opportunities for healing. Corrections administers programs that include adult and young offenders' institutions, on-the-land camps and alternative homes (i.e. open custody). The division also administers the Inuit cultural skills programs that assist adult and youth offenders in developing traditional skills. The Community Corrections (probation) program supervises offenders placed on probation or released from institutions on parole or early release.

ACCOUNTING STRUCTURE CHART

MISSION

The Department of Education works collaboratively to build a seamless learning environment that is accessible to learners of all ages, inspires excellence among learners and educators, and promotes personal and community well-being.

A wide range of programs and services are provided to Nunavummiut which encourage and support self-reliance, leading individuals towards productive decisions for themselves and their communities. In order to successfully deliver these programs and meet the needs of Nunavummiut, the department has developed partnerships within Nunavut and throughout Canada. These partnerships involve Elders, schools, communities, Nunavut Arctic College, District Education Authorities, the *Commission Scolaire Francophone du Nunavut*, other Government of Nunavut departments, the federal government, businesses and Inuit organizations, and public and non-profit boards and agencies.

ACCOUNTING STRUCTURE CHART

MISSION

CGS works in partnership with community governments and assists them in building their capacity so that they can meet the needs of their residents. We provide programs and funding that support core municipal operation, infrastructure development, and land development. Support is provided to ensure training for councils and municipal employees is available.

CGS provides a range of central services to other government departments and agencies to support the efficient and effective operation of their program and services. That includes procurement, sealift logistics and contracts services; property management and maintenance; technical and project management related to infrastructure construction; and information and records management services.

CGS is also responsible for services directly related to the public. That includes fire safety promotion, inspection and training; electrical and mechanical inspections of buildings; emergency management services including search and rescue coordination and training; consumer affairs; and acquisition and distribution of petroleum products for communities. These services require direct contact with community governments, the business community and the public.

CAPITAL PLANNING

The Capital Planning branch is responsible for providing comprehensive government asset life cycle management, including: assisting clients and stakeholders with identifying and planning their long-term capital requirements; developing suitable technical standards for infrastructure; providing design management services for government projects, as well as with the maintenance and management of the government inventory of owned and leased facilities.

Capital Planning supports community governments with capital planning and lifecycle management of municipal infrastructure. It works with the Nunavut Community Infrastructure Advisory Committee to support the identification of community capital infrastructure plans and priorities. Capital Planning is directly responsible for the successful implementation, management and reporting required under the Gas Tax Fund, the Building Canada Fund and other Federal Infrastructure Programs. Capital Planning supports communities in developing and maintaining Integrated Community Sustainability Plans.

FIVE YEAR CAPITAL PLAN

INTRODUCTION

While subject to revision each year, the Five Year Capital Plan provides a framework for review of the Government's future capital expenditure priorities, including planned expenditures for the forthcoming budget year, 2013-2014.

The Standing Committees reviewed the Capital Plan in September 2012, prior to tabling of the 2013-2014 Capital Estimates in the Legislative Assembly in October 2012.

The Five Year Capital Plan outlines \$152.9 million in expenditures for 2013-2014, and a total of \$675.3 million over the Five Year Capital Plan period. Projects are arranged by department and community.

The three largest appropriations in 2013-14 are allocated to the Department of Community and Government Services with 27% of the total, the Nunavut Housing Corporation with 19%, and the Department of Health and Social Services with 16% of the total approved to complete various projects.

The Plan details expenditures planned primarily from Vote 2 - Capital. Complete budget details of projects which are jointly funded with contributions from third parties and the Government of Nunavut are provided in Appendix IV – Other Funded Infrastructure Projects.
