## **INTRODUCTION: THE 2024-2025 CAPITAL ESTIMATES**

The Capital Estimates presented to the Legislative Assembly represent the Government of Nunavut's proposed appropriations for the 2024-2025 fiscal year for planned capital. The amounts represent all capital expenditures to be incurred during the twelve-month period beginning April 1, 2024 and ending March 31, 2025.

The Capital Estimates indicate the total requirement for individual departments, the Nunavut Housing Corporation and Nunavut Arctic College. The expenditures related to each department are further described by branch and project.

The Legislative Assembly of Nunavut is requested to appropriate funds at the departmental level for capital expenditures for the fiscal year ending March 31, 2025. Further details of expenditures at the branch level and by type of expenditure are provided for information but do not require specific Legislative Assembly approval.

Departmental Mission Statements and Branch descriptions are provided to clarify the purpose of capital expenditures and the roles and responsibilities of departments and branches.

The Detail of Capital sections of this document provide the 2024-2025 budget for proposed Vote 2 capital projects in the 2024-2025 fiscal year.

Detailed information relevant to the Capital Estimates is provided in the following areas for each department, as applicable:

- Accounting Structure Chart (how the department's financial accounts are organized)
- Department Summary (including mission)
- Branch Summary (appropriation requirements by control object)
- Detail of Capital (by community)
- Information Items
- Regional Distribution of Budget

## **INTRODUCTION CONTINUED: THE 2024-2025 CAPITAL ESTIMATES**

The financial information in the Capital Estimates is presented on a comparative basis at the government, department and branch level for 2024-2025 Capital Estimates and 2023-2024 Revised Estimates. The 2023-2024 Revised Estimates include the 2023-2024 Capital Estimates and appropriations approved through the 2023-2024 Supplementary Appropriation (Capital) Act No. 2 and Special Warrants. In addition, information on the 2022-2023 actual expenditures is provided.

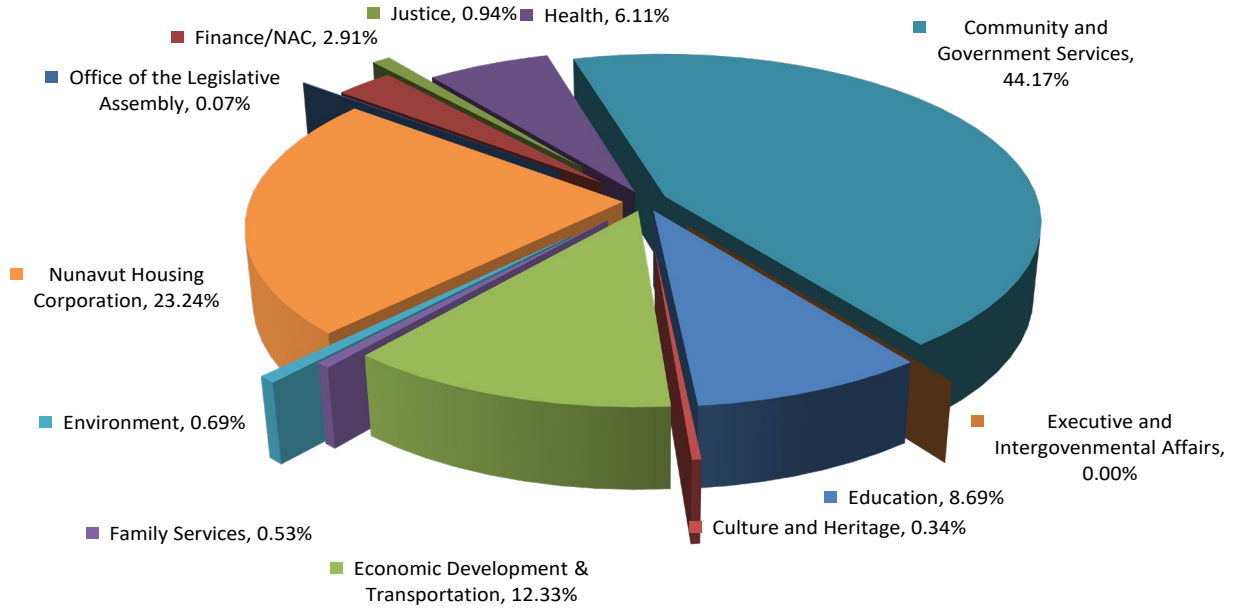

Appendices II and III provides a list of projects that are apart of the 2025-29 Capital Plan for the Government of Nunavut by department and community, respectively.

Appendix IV provides a detailed listing of the third party funding of capital projects to be completed by departments. It details the funding provided by third parties over the Five Year Capital Plan. In addition, it sets out the Vote 2 contribution of the Government of Nunavut to the total cost of the project.

Appendix V provides a listing of the completed major capital projects for fiscal year 2022-2023 by departments.

For further clarification of terms used in the Capital Estimates, please see the Glossary in Appendix I.

### ACCOUNTING STRUCTURE CHART

## MISSION

Consistent with Katujjiluta, the governance traditions of Northern Canada and established principles of parliamentary democracy, the Office of the Legislative Assembly provides quality programs and services that support an environment in which Members can best fulfill their roles and responsibilities as elected representatives of Nunavummiut.

## DETAIL OF EXPENDITURES

<b>CAPITAL EXPENDITURES</b>	<b>Capital Estimates 2024-2025 (\$000)</b>	<b>Revised Estimates 2023-2024 (\$000)</b>	<b>Capital Estimates 2023-2024 (\$000)</b>	<b>Actual Expenditures 2022-2023 (\$000)</b>

## ASSEMBLY OPERATIONS

The Office of the Clerk provides services to meet the needs of elected Members in the carrying out of their duties. These services include the provision of advice and support to the Speaker and Members on matters of parliamentary procedure and privilege; maintaining the papers and records of the Legislative Assembly; and recording and publishing the proceedings of the House. In addition, the Office is responsible for the provision of advice to committee and caucus of Chairs; and the provision of administrative and logistical support to committees and caucuses.

The Office of the Clerk administers the indemnity and allowance structure for Members including the budgets for holding sessions and meetings of standing and special committees. The Office administers support services for research, committee work, the legislative in-house library, communications and public affairs and corporate services.

## MISSION

The Department of Executive and Intergovernmental Affairs supports the Premier and Cabinet in accomplishing the government’s mandate and objectives.

As a central agency, the department provides advice to the Premier and Cabinet on a broad range of governmental issues. It leads interdepartmental coordination, information sharing and internal consultation for the Government of Nunavut line departments and agencies, which provide services directly to Nunavummiut.

The department has the lead responsibility for intergovernmental affairs particularly in supporting the Premier and coordinating Government of Nunavut positions on national, provincial, territorial, circumpolar and aboriginal issues.

## DIRECTORATE

The Directorate is comprised of three divisions: Directorate, Corporate Services and Policy and Planning. The Directorate provides the senior management capacity for the department and ensures that Justice fulfills its mandate according to specific goals, objectives and priorities. Also, the Directorate liaises between the Government of Nunavut and the Royal Canadian Mounted Police and other Justice appointed committees and agencies. It also oversees the Office of the Public Trustee and Guardianship, which provides for the administration of trusts on behalf of minors, and the administration of estates and trusts of Nunavut residents who die without a will or who are in need of protection because of disability. The Policy and Planning division is responsible for analyzing all departmental policies, justice consultations with other communities and governments, access to information/protection and privacy, and responses to justice issues. In addition, the division is responsible for coordinating the department's Inuit societal values. The Corporate Services division provides a full range of financial and administrative support services to the department, including negotiating for funding with third parties and participating in negotiations relating to federal/territorial agreements. Corporate Services division is responsible for the departmental Inuit Employment Plan. Contributed Services are provided by the division to operate the Labour Stand Board, Coroner's Office, Nunavut Criminal Code Review Board, and administration of the Residential Tenancies Act. The division also oversees the financial aspects of the Territorial Policing Agreement, as well as providing contributions to the Legal Services Board and the Human Rights Tribunal for their operations in Nunavut.

## REGISTRIES AND COURT SERVICES

Registries and Court Services is comprised of two divisions: Court Services and Legal Registries. The Court Services Division is responsible for the provision of support services for the Nunavut Court of Justice. It also administers the Justice of the Peace program (including the Family Abuse Intervention Act Justices of the Peace), Coroners program, Family Support Enforcement program, and Commissioners for Oaths and Notaries Public program. Contributed services are provided by Courts to operate the Labour Standards Board, Nunavut Criminal Code Review Board and administration of the Residential Tenancies Act. The Legal Registries Division is responsible for administering certain corporate and commercial laws, which involves managing the land titles office, personal property security registry, corporate registry, and securities registry.

## CORRECTIONS

The primary purpose of Corrections is the protection of members of society by ensuring appropriate measures of offender control while at the same time providing offenders with opportunities for healing. Corrections administer programs that include adult and young offenders' institutions, on-the-land camps and alternative homes (i.e. open custody). The division also administers the Inuit cultural skills programs that assist adult and youth offenders in developing traditional skills. The Community Corrections (probation) program supervises offenders placed on probation or released from institutions on parole or early release.

## MISSION

The mission of the Department of Culture and Heritage is to preserve and enhance Nunavut’s culture, heritage and languages. The department achieves its mission by promoting Inuit Societal Values through the application of Inuit Qaujimajatuqangit; promoting the use of Inuit language in the workplace and throughout the territory; promoting access to information and resource materials in Nunavut’s official languages in all communities; assisting non-profit, community-based organizations and individuals in cultural, language, and heritage activities; enhancing public library services across Nunavut; and encouraging on-going dialogue between elders and youth and the government.

## MISSION

The Department of Education, under the Minister of Education, is responsible for programs and services that support the following: early childhood education, the K-12 school system, adult learning and literacy.

A wide range of programs and services are provided to Nunavummiut that encourage and support self-reliance, leading individuals towards productive decisions for themselves and their communities. In order to successfully deliver these programs and meet the needs of Nunavummiut, the department has developed partnerships within Nunavut and throughout Canada. These partnerships involve Elders, schools, communities, Nunavut Arctic College, District Education Authorities including the Commission scolaire francophone du Nunavut, the Coalition of Nunavut District Education Authorities, other Government of Nunavut departments, the federal government, businesses and Inuit organizations, and public and non-profit boards and agencies.

Life-long learning is also supported and encouraged through curriculum and resource development, early childhood programming, administration and governance of adult learning, and by incorporating Inuit societal values as well as language and culture into all programs and services.

## MISSION

Community and Government Services works in partnership with community governments and assists them in building their capacity so that they can meet the needs of their residents. We provide programs and funding that support core municipal operations, infrastructure development and land development. Support is provided to ensure that training for councils and municipal employees is available. In addition, Community and Government Services, through the Sports and Recreation section is responsible for the promotion, development and delivery of amateur sport, recreation and physical activity opportunities for Nunavummiut.

Community and Government Services provides a range of central services to other government departments and agencies to support the efficient and effective operation of their programs and services. Such services include procurement, sealift logistics and contract services; property management and maintenance; technical and project management related to infrastructure construction and information and communication technology and records management.

Community and Government Services is also responsible for services directly related to the public. That includes fire safety promotion, inspection and training; inspection and enforcement of technical and safety standards on electrical and mechanical equipment and installations; building code inspection and enforcement; emergency management services including search and rescue coordination and training; consumer affairs and acquisition and distribution of petroleum products for communities. These services require direct contact with municipal governments, the business community and the public.

## LOCAL GOVERNMENT SERVICES

The Local Government Services Branch consists of the following sections: Assistant Deputy Minister's Office, Community Development, Community Support, Community Planning and Lands, Sport and Recreation, Nunavut Emergency Management Office and Community Infrastructure.

Community Development and Community Support provide training and development opportunities to municipal council members and staff and monitors and evaluates municipal operations. Community Planning and Lands provides technical and financial support to communities for land-use planning. Regional offices deliver community support programs and services. Sport and Recreation is responsible for the promotion, development and delivery of amateur sport, physical activity recreation opportunities for Nunavummiut. The Division also coordinates Nunavut's participation in Major Games such as Arctic Winter Games, Canada Winter and Summer Games, Western Canada Summer Games and the North American Indigenous Games. The Emergency Management Office is responsible for the provision of search and rescue operations and emergency preparedness. Community Infrastructure supports community governments with capital planning and lifecycle management of municipal infrastructure. The Division works with the Nunavut Community Infrastructure Advisory Committee to support the identification of community capital infrastructure plans and priorities and supports communities in developing and maintaining Integrated Community Sustainability Plans. The Division is directly responsible for the implementation, management and reporting required under the Gas Tax Fund, the Building Canada Fund and other Infrastructure Canada programs.

## INFRASTRUCTURE

The Infrastructure branch consists of the following divisions: Assistant Deputy Minister's Office, Regional Directors of Infrastructure, Capital Projects, Facility Management, Real Property, Technical Services and Safety Services. The branch is responsible for providing comprehensive infrastructure services to all client departments and agencies except for Nunavut Housing Corporation and Qulliq Energy Corporation. The full suite of infrastructure services delivered to client departments include: capital project delivery through the planning, design, and construction phases; routine and preventative maintenance services for client department facilities; life-cycle planning, oversight and project delivery for client department facilities; and management and oversight of utilities for client department facilities. The Infrastructure branch, in partnership with Department of Finance, provides centralized management and oversight of the government's Capital Planning process. In addition, the branch is responsible for: the management and oversight of all Government of Nunavut owned and leased office and warehouse facilities, development and oversight of technical standards of government facilities, building condition assessments for all client department facilities, and oversight and compliance enforcement of Nunavut legislation related to safe buildings in Nunavut, including the Technical Standards and Safety Act, the Building Code Act and the Fire Safety Act.

## INFORMATION MANAGEMENT INFORMATION TECHNOLOGY

The Information Management and Information Technology branch is responsible for government-wide information and communications technology. The branch provides Government of Nunavut departments with a centralized and shared source of planning, development, procurement, operations and support for the computer hardware and software application systems needed to collect, process and retrieve information.

Information Management and Information Technology accomplishes this through a network of satellite communication systems, computer servers, applications software and user workstations, coordinated through a shared Helpdesk support system.

## HEADQUARTERS

The President's Office (Iqaluit) supports the Board of Governors and is responsible for the overall direction and management of the college. It includes the Vice President position, which is responsible for the delivery of the academic and learner services.

The Policy and Strategic Planning Division oversees the policy development, strategic planning and public affairs at Nunavut Arctic College. This includes providing support to the President's Office regarding changes to administration, legislation, policies, and plans for the College.

The Business Services Office (Iqaluit) is responsible for the delivery of finance, human resource, registrar, capital planning and information technology services. The Office also has staff in Clyde River, Cambridge Bay, Arviat and Rankin Inlet.

**APPENDIX I:  
GLOSSARY**

## GLOSSARY

Accounting Structure Chart	Departmental structure starting with the Minister, Deputy Minister(s), Branch and Division levels consistent with the classification of accounts.
Appropriation	Authority contained in an Act to incur expenditure.
Branch	Departments are further subdivided into Branches.
Branch Summary	Describes the major responsibilities and summarizes capital expenditures for the Branch.
Budget	An estimate of proposed expenditures for a given period and the proposed means (revenue estimates) of financing those expenditures.
Capital Asset	Physical property used in the operations of the government, and not intended for sale. Capital assets will have a useful life of one year or longer.
Capital Expenditures	Government expenditures for the purchase or construction of a capital asset; an outlay that increases the expected useful life of an existing capital asset; planning and study costs related to capital asset acquisition or construction; or grants and contributions to other agencies for the purpose of capital acquisition or construction.
Capital Lease	A lease agreement for real property where the benefits and risks have been substantially transferred to the government, even though ownership remains with the lessor.
Capital Projects	Projects established for the purchase or construction of Capital Assets. A capital project includes a purchase of land or equipment and/or the construction of a building or other facility; planning and study costs related to capital asset acquisition or construction; or grants and contributions to other agencies for the purpose of capital acquisition or construction.
Contribution	A conditional transfer of appropriated funds to a public agency, community government or other organization that is accountable to the government for the use of the funds and fulfillment of the objectives for which the funding is provided.

## GLOSSARY

Department	Organizational entity, established by Cabinet to deliver programs and services within a specified mandate.
Department Summary	Describes the Mission or purpose, and summarizes the Detail of Expenditures for each Department.
Detail of Capital	A listing of the capital projects by Standard Object and geographic area within a Branch.
Estimates	The estimate of expenditures and revenues approved by the Legislative Assembly for all government departments.
Fiscal Year	A consecutive twelve-month period designated as the reporting year of a government or organization. The Government of Nunavut's fiscal year starts April 1 and ends March 31 of the following calendar year.
Grant	An unconditional transfer of appropriated funds to a public agency, group or organization for which the recipient is, with the exception of meeting the eligibility criteria for the grant, not accountable to the government.
Objects of Expenditure	Votes and Items of expenditure are broken down into greater detail termed Control, Standard, and Detailed Objects of expenditure. In the Capital Estimates, expenditures are presented within three Standard Objects of Expenditure: <ul style="list-style-type: none"><li>- Grants and Contributions</li><li>- Tangible Assets</li><li>- Computer Hardware and Software</li></ul>
Regions	Geographical sub-divisions of Nunavut for administrative purposes.
Vote	A category of expenditure according to its intended use (e.g. Vote 1 – Operations and Maintenance, Vote 2 – Capital).

Environment	A-II-10
Community and Government Services	A-II-11
Economic Development and Transportation	A-II-12
Nunavut Housing Corporation	A-II-13

## **FIVE YEAR CAPITAL PLAN INTRODUCTION**

While subject to revision each year, the Five Year Capital Plan provides a framework for review of the Government's future capital expenditure priorities, including planned expenditures for the forthcoming budget year, 2024-2025.

The Standing Committees reviewed the Capital Plan in September 2023, prior to tabling of the 2024-2025 Capital Estimates in the Legislative Assembly in October 2023.

The Five Year Capital Plan outlines \$355.77 million in expenditures for the 2024-2025 fiscal year and a total of \$1,405.01 million over the Five Year Capital Plan period. Projects are arranged by department and community.

The four largest appropriations in 2024-25 are allocated to the Department of Community and Government Services with 44.2%, Nunavut Housing Corporation with 23.24%, the Department of Economic Development and Transportation with 12.33%, and the Department of Education with 8.7% of the total approved to complete various projects.

The projects listed in appendices II and III only lists projects with planned expenditures - primarily from Vote 2 - Capital in fiscal 2024-25. Complete budget details of projects which are jointly funded with contributions from third parties and the Government of Nunavut are provided in Appendix IV - Other Funded Infrastructure Projects.
