Introduction

The Government of Nunavut strives to serve the public by providing timely and accurate data about the public service. Article 23 of the *Nunavut Agreement* establishes the objective of increasing Inuit participation in government employment to a representative level. The *Towards a Representative Public Service* (TRPS) report publicizes the Government of Nunavut's Inuit employment progress. This report is a publication of pure employment statistics so does not report on underlying issues or barriers to employment.

This snapshot of employment statistics is published regularly on the Department of Human Resources website, with the final report tabled annually in the Legislative Assembly as an appendix to the *Public Service Annual Report*. This statistical data is used to assist the government in future employment planning.

This report is prepared by the Department of Human Resources with participation from all departments and government agencies.
