

## **Public Health Advisory**

## **Boil Water Advisory – Whale Cove**

May 9, 2022 Whale Cove, Nunavut

The Department of Health advises all residents of Whale Cove to boil their water before consumption until further notice.

This is a precautionary measure due to total coliform bacteria in the water system.

During a boil water advisory, all water for consumption must be brought to a rolling boil for a **minimum** of one full minute.

It is essential that all water be boiled for the following uses:

- drinking;
- preparing infant formulas;
- preparing juices and ice cubes;
- washing fruits and vegetables;
- · cooking; or
- brushing of teeth.

Water can be boiled either in a pot or kettle on a stove or an electric kettle without an automatic shut-off. The boil water advisory is only for the uses listed above.
