

Towards a Representative Public Service

**Statistics as of
December 31st, 2014**

Prepared by
Department of Finance

Report Scope

The statistics contained in this report include:

- Full-time equivalent (FTE) positions contained in each department's organization chart, counted as a straight head count, not by partial position. For example; if a position is budgeted at 0.53 of a FTE, it will be counted by the *person* filling that position, not the partial position; thus, there are only whole numbers, and not partials in this report.
- Positions not included in this report are:
 1. Contract positions
 2. Cabinet Ministers and Members of the Legislative Assembly
 3. Constituency Assistants and Executive Assistants of Cabinet Ministers and Members of the Legislative Assembly

Introduction

The GN is striving to serve the public by providing timely, accurate data about the public service.

The *Nunavut Land Claim Agreement (NLCA)* contains an Article whose objective is to increase Inuit participation in government employment in Nunavut to a representative level, as well as holding the GN accountable for making public their progress. *Towards a Representative Public Service (TRPS)* is how the GN reports the progress in pure statistics only, not underlying issues or barriers to employment.

This snapshot of employment statistics is reported quarterly in the Legislative Assembly of Nunavut. These statistics represent the Inuit employment level within the GN in several different categories; occupational, community, region, and department.

All numbers in this report are whole numbers, and count all positions as a full FTE (Full Time Employee), not, for example, a partial position, as there are jobs that range from 0.25 FTE to 1.0 FTE. This report only counts them as a whole. This statistical data can be used to predict future trends.

This report is prepared by the Department of Finance with participation from all departments and government agencies.
