Role of the Board

The Nunavut Liquor Licensing Board (NLLB) is a public regulatory body established under the Nunavut *Liquor Act*. The Board's mission, duties and powers are outlined earlier in this report and are set out in Section 6 of the *Liquor Act*. The Board is responsible for the control of the conduct of licence holders, the management and equipment of licensed premises, and the conditions under which liquor may be sold or consumed in licensed premises. In order to carry out these responsibilities, the *Act* provides the Board with the power to issue, renew and transfer licences, and to hold show cause hearings that might lead to suspension or cancellation of a licence.

The Board reports to the Minister responsible for the Nunavut Liquor Licensing Board (Finance Minister George Hickes) and provides advice to the Minister on all matters of policy, legislation and administration relating to the sale, distribution and consumption of alcohol.

The Board's mission is to foster an environment that guides and regulates the legal and responsible use of alcohol in Nunavut. The Board takes the position that licence holders share the responsibility for this mission, and endeavours to maintain a positive relationship with the businesses and organizations to which it grants licences.

The Board normally holds four regular meetings each fiscal year in order to handle the business, requests, applications and issues that come before it. One meeting is scheduled in March of each year to approve licence renewals for the following fiscal year, which is also the licensing year. In 2017-18, meetings were held in June 2017, January and March 2018.

Ongoing business such as requests for changes in hours of operations, approval to purchase types of alcohol not stocked by the government's liquor warehouses, and the approval of special occasion permits are handled by email on a regular basis.

The Nunavut Liquor Licensing Board did not conduct any public hearings in 2017-18.

Development of Nunavut Liquor Licensing Board Website

The Nunavut Liquor Licensing Board is working with Department of Finance staff to update the board website with the aim to merge it with the existing Government of Nunavut website, and eliminate the stand-alone site. The changes are intended to provide a more professional interface between the Board and the public, and to streamline the application process for special occasion permits and licence renewals.

Application documents are also being renewed and updated in an attempt to eliminate some administrative burden for both the applicants and Department of Finance staff. This includes working with the fire marshal's office and the Department of Health to improve the process for confirming a licence holder or applicant's compliance with fire and health safety legislation.

Show Cause Hearings

Periodically, the Board deals with complaints brought to it by Liquor Enforcement through the Department of Justice, when infractions of the *Liquor Act* or *Liquor Regulations* by licence holders have been reported. In these cases, pursuant to its obligation under section 6(2)(a) of the *Liquor Act*, which directs the Board to control the conduct of licence holders, the Board requires the licence holder to appear and show cause as to why their licence should not be suspended, cancelled or have conditions and/or fines imposed on it pursuant to sections 35 to 37 of the *Liquor Act*.

Over the last several years, the number of violations by licence holders that have been brought before the Board has declined significantly. During fiscal year 2017-18, the Board did not have any show cause hearings.

The Board's Role in Cannabis

The Government of Canada has passed legislation that will legalize cannabis across Canada in October 2018. In anticipation of this decision, and after consulting with Nunavummiut, the Government of Nunavut developed a bill to create the *Cannabis Statutes Amendment Act* and the *Cannabis Act* to set up a legal framework for regulating and distributing cannabis in Nunavut.

If passed, the new legislation will impact the Liquor Licensing Board and its roles. Unlike liquor licensing under the *Liquor Act*, the Board will not have a core role in licensing cannabis establishments. Most licensing decisions will be made by a member of the public service, the superintendent of licensing; with the Board's role in cannabis licensing limited to hearing appeals from licensees who disagree with decisions made by the superintendent.

Specific decisions that can be appealed to the board under the *Act* will include appeals from licensees whose licences are not renewed by the superintendent, and appeals on sanctions that vary the conditions of a licence, suspend the licence or cancel it.

Passing of the new cannabis legislation will also mean a change to the name of the Board from the *Nunavut Liquor Licensing Board* to the *Nunavut Liquor and Cannabis Board*. The board will work closely with the Government of Nunavut as it navigates the legalization of cannabis in the coming year.

Association of Liquor Licensing Authorities of Canada

The Association of Liquor Licensing Authorities of Canada (ALAC) is a national association of liquor licensing jurisdictions with representation from each province and territory. The association meets twice a year and the chairperson of the Nunavut Liquor Licensing Board attends the meetings as a representative from Nunavut. Topics at these meetings include liquor laws and regulations, server training, licence renewal processes and social responsibility initiatives.

In 2017-2018, former Board chairperson, John Maurice attended the Summer ALAC meeting, June 12-13 in Whitehorse, Yukon, and current chairperson, Terry Dobbin, attended the Winter ALAC meeting, February 2-6, in Montreal, Québec.

The major topics at these meetings included the decriminalization of cannabis, the potential for an enhanced role of liquor licensing authorities, trends in alcohol sales and consumption, and sharing of best practices in licensing and renewals.

New Liquor Licensing Board Logo

After many years of using a standard Government of Nunavut logo and letterhead, in 2017-18, the Board commissioned the development of its own logo. The logo is intended to represent a drop of liquid with the green colours of the northern lights. Going forward, the logo will be used on all liquor licences and formal correspondence from the Board.

Liquor Licences Approved for 2018-2019 year

Under section 6(3)(a)(i) of the *Liquor Act*, the Nunavut Liquor Licensing Board has the power to issue, renew and transfer liquor licences.

As per section 17 of the *Liquor Act*, all licences issued under the *Liquor Act* expire on March 31 of each year, unless there is a different date specified on the licence. Licence holders must annually submit a licence renewal application to the Board, who will issue a renewed licence valid for the following fiscal year.

The Board renewed the following liquor licences for the 2018-2019 year, valid until March 31, 2019.
