Government of Nunavut ransomware update

November 13, 2019, 1:30 p.m.

The Government of Nunavut (GN) can confirm employees will be paid as scheduled on Friday, November 15.

Cheques issued for employees without direct deposit in communities outside Iqaluit may arrive on Monday, November 18.

There will likely be delays processing non-standard pay such as overtime or acting pay.

The Department of Finance expects the Friday, November 29 pay to be issued on time.

We would like to remind Nunavummiut that government services are open and functional. The GN can be reached by phone, fax and voicemail. All information on government programs and services is available at www.gov.nu.ca.

Translations will be provided as soon as they are available.
