

**Topic:** Household income, 2016 Census  
2016 Census  
Released by Statistics Canada – September 13, 2017

**Background:** Median household income rose significantly in all three territories. Nunavut median income was **\$97,441** in 2015. Nunavut led the country with a median income **growth** of **36.7%** from 2005. The growth in Nunavut reflected an increase of workers in the resource and government sectors over the decade.

**Details:**
